Family Child Care Home Parent Checklist

Choosing the right child care can be overwhelming. Not all child care providers are required to follow the rules necessary to be licensed by the state. Parents can go to www.schildcare.org to find these rules, as well as to see if their provider is licensed or registered.

We've created this checklist to help serve as a guide when visiting child care providers to select the best match for you and your child. Does the family child care provider have...
